

1. not being able to document them so we have a record for crime, taxes and terrorism 2. that they are receiving money that i pay taxes to provide and they dont pay any of it 3. they receive many services from the states they are in that again they dont pay towards and many people that are legally here are not getting because their isn't enough to go around. 4 that our country is bending and stretching to accomodate their cultures

---

loss of american culture. loss of rights, money and services to americans. lack of security. double standards. lack of unified english. end of american way of life.
